Citizens Candidates for School Trustees

At a meeting of the citizens, who opposed the action of the school trustees in refusing to permit the people to vote on the location of the new school building, on Friday night, March 30, 1917, the following persons were selected as candidates for school trustees:

JAMES W. HARRISON.
MARK SMITH.
D. S. FUDGE.

JOHN G. CORNWELL.

In presenting this list to the public, we wish it to be distinctly understood that each and all of them are, and were opposed to the purchase of the lot selected, and also opposed to erecting the high school building thereon. These men believe that in the expenditure of large sums of the people's money, that the wishes of the people should be taken into consideration. We present this list, believing in their integrity and honesty, and respectfully ask your support on Saturday, April 7th, believing also that their election will result in great good to our schools.

C. M. SUPPLE, Chairman.
W. D. RYBURN.
U. T. BUCKNER.
J. E. McWHORTER.
E. T. RITCHIE.

TEUTON SHIPS ARE SEIZED

NINETY-ONE GERMAN SHIPS IN AMERICAN PORTS SEIZED BY GOVERNMENT.

CREWS WERE INTERNED

Crews of All the Vessels Were Made Prisoners and Will Be Placed in Internment Camps—Government Will Use Vessels.

NEW YORK, April 6.—The United States armed forces today seized all the German ships held at American ports.

It was America's first act of war. In the ports on every coast in the United States proper and in the island possessions marines or blue-jackets went aboard the enemy ships early today, made the members of the crews prisoners and took possession of the vessels in the name of the United States.

At Hoboken, New Jersey, alone eighteen vessels, including the giant Vaterland, were taken over. In all twenty-seven ships were seized in New York waters.

The number of German ships in American waters which were seized totaled ninety-one. They represent a total gross tonnage of 594,695.

MAY CONVERT SHIPS INTO AUXILIARY CRUISERS

WASHINGTON, April 6.—In the seizure of ninety-one German ships in American ports the United States acquires vessels purposely built for conversion into auxiliary cruisers.

It was learned at the department of commerce that most of the ships were built as naval auxiliaries with gun platforms, reinforced decks and other equipment for defense purposes. Officials said the seizure of these ships has increased the transporting ability of the country tremendously.

The seizure of the ships and internment of crews does not come under the old Prussian treaties between the United States and Germany, the state department holds. On the contrary the government view is that in internment the crews the United States is interfering men engaged in German government service—not German merchants, such as the treaties hold shall be exempt. As for the ships themselves as German government property they are not exempt under the treaties, the state department held.

GERMAN SHIP SEIZED AT JACKSONVILLE, FLORIDA

JACKSONVILLE, Fla., April 6.—The German steamship Frieda Leonhardt was seized by the customs authorities this morning. The crew was removed by the immigration authorities. The machinery of the ship had been badly damaged. The captain and crew are being held on orders from Washington.

THE FRENCH FORCES MAKE LARGE GAINS

PARIS, April 6.—French forces made large gains north of Landri-court and south of the Oise, and also reoccupied some trenches west of Rheims which had been taken in the first rush of the German attack there yesterday, according to the official statement today.

WOMAN CONGRESSMAN VOTES AGAINST WAR

WASHINGTON, April 6.—Miss Rankin of Montana, the only woman member of congress, sat through the first roll call with bowed head, failing to answer to her name twice called by the clerk. On the second roll call she rose and said in a sobbing voice, "I want to stand by my country, but I cannot vote for war."

GERMAN CONSPIRATOR GETS PRISON SENTENCE

NEW YORK, April 6.—Captain Alfred A. Fritzen pleaded guilty in the United States district court here today to having conspired with Captain Hans Tauscher to blow up the Welland canal. He was sentenced to eighteen months in the federal prison at Atlanta, Georgia.

Working Up to The Top

That has been our ambition all the time to put our business second to none in Waxahachie. Step by step we have gained ground, yet mindful of the fact we have lost ground at times. We have continued to work until our enthusiasm prompts us to say we are second to none—first in values, considering quality; our prices are always consistent with sound business methods, and due courtesy and appreciation of your patronage. We exert everything in our power to make your transactions with us pleasant. That we may save you from any worry is our pleasure.

Faithfulness and Consistency—of the clerks who serve you in our store. Modesty prohibits us saying only a part on this line that stands on top, but will dare say, "there is not a business in Waxahachie, if had an opening for a young man, but what would favorably consider either of their applications, should they apply."

Now, our appreciation of our business comes us to feel we are second to none in Waxahachie. We are anxious for the test if you are not a regular customer, begin now to buy from us and let us prove to you there is no better place to trade.

Send to none don't mean at the top every time, so it's our ambition to still keep climbing, that we surpass ourselves in giving you the very best place to do your grocery buying.

SEWER DISPOSAL PLANT TO BE ERECTED SOON

CONTRACT FOR MATERIAL IS AUTHORIZED AT MEETING OF THE COUNCIL.

At an adjourned meeting of the city council held last night Griffin O'Neal & Sons, engineers, presented tabulated bids on materials for use in the sewer disposal plant to be erected by the city of Waxahachie and recommended the acceptance of the lowest bidders on the various materials. On motion the council authorized the engineers to make contract for material on bids.

On motion the firm of Griffin O'Neal & Sons were allowed the first installment of their contract, which amounts to \$600.

Griffin O'Neal & Sons were relieved of making bond for sewer disposal plant on agreement that the city retain fifty per cent of their estimates.

The Citizens National bank was made depository for the city funds on competitive bids. The Citizens National bank bid was 2 1/4 per cent on daily balances. Loans made on overdraft to the city will bear 5 per cent.

A Medical Mongoo.

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cluders and ashes from the general circulation. A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned, the system becomes loaded with toxic waste, and we suffer from auto-intoxication or ptomaine poisoning. Something is wrong with the liver, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, skin or eyes yellow, the water is scant and highly colored, containing "bick-dust" deposits and bile pigments. At such time one should drink plenty of water between meals, and a pint of hot water before breakfast, and occasionally take a pleasant laxative. Such a one is made of the May-apple, leaves of aloe and root of jalap, first extracted and put in ready-to-use form by Dr. Pierce nearly fifty years ago, and sold by druggists as Dr. Pierce's Pleasant Pellets.

WATCHING FOR HOSTILE MOVE

FEDERAL AUTHORITIES KEEPING AN EYE ON MOVEMENT OF MEXICAN TROOPS.

EXPECT BORDER RAIDS

It is Believed the Movement of Troops Toward Border Means Raids on Settlements on American Side.

EL PASO, April 6.—The sudden movement of Mexican government troops toward the border today in the states of Chihuahua, Nuevo Leon and Coahuila is believed by federal authorities here to portend hostile action against border settlements despite the explanation offered by Carranzista officials that the troop movement was part of a campaign against bandits under Villa.

Government agents here are watching closely for evidence of a border raid and action will probably be taken at the first hostile indications.

PANAMA CANAL CLOSURES BETWEEN SUNSET AND SUNRISE

COLON, Panama, April 6.—The Panama canal terminal ports of Cristobal and Balboa will be closed to navigation between sunset and sunrise and lights will be extinguished beginning today. Shipping is warned that it is unsafe to approach nearer than two miles from the ports by day or night.

Beautiful Bust and Shoulders
are possible if you will wear a scientifically constructed Ben-Jole Bra.

The dragging weight of an unconfined bust so stretches the supporting muscles that the contour of the figure is spoiled.

Ben-Jole puts the bust back where it belongs, prevents the full bust from having the appearance of sagging, stimulates the danger of dragging muscles and confine the flesh of the shoulder giving a graceful line to the entire upper body.

They are the daintiest and most serviceable garments imaginable—come in all materials and styles: Croch. Buck, Hook Front, Surplice, Bandeau, etc. Boned with "Walsh's" rubber lining—permitting wearing without removal.
